STARTS CREAMERY

LEWISTON IS SELECTED

BY SALEM PEOPLE

First Class Plant Will be Installed and in Operation by January 1—Commercial Cream Company Investigated Umatilla County Year Ago and Failed to Find Enough Cows Tributary to Pendleton—Local Capital May Invest Here Next Year.

The Commercial Creamery company, of Salem, will enter the Lewiston territory and have a creamery installed and in operation early in January.

The company has contemplated entering the Lewiston field for the past year and representatives have made a careful canvass of the country that will send cream to the Lewiston creamery.

Recently R. A. Goodhue, of Salem, visited there and spent several days in the reservation country. The results of the investigation have been a favorable recommendation to the members of the company at Salem, and the definite announcement of the intention of the company to install a plant here has now been made.

The Commercial Creamery company is one of the strongest creamery companies in the west, and has developed a great industry in the Willamette valley, where the company has its headquarters.

When the company commenced operations at Salem several years ago the daily output of the plant was less than 100 pounds, while at the present time the business has grown to a daily manufacture of 2,000 pounds of butter, besides a large business in manufacturing ice cream during the summer months. R. A. Goodhue, secretary of the company, will go to Lewiston and have charge of the plant there during the early months of its campaign for business.

A large number of cows have been pledged in all parts of the country, and a good patronage will be received from the time the plant is installed. The same company investigated the creamery prospects in Umatilla county about a year ago, and had a sufficient number of cows been secured would have had a \$6,000 plant in operation in this city now.

George D. Goodhue, traveling representative of the company, visited every portion of Umatilla county and after a thorough investigation pronounced it the best opening for a creamery in the entire northwest.

If 400 cows could be secured in the district tributary to Pendleton this coming year the Commercial Creamery company will very likely enter this field; if not, it is thought local capital will start a creamery here.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles guaranteed by Tallman & Co. Trial bottles free.

Golden Rule Store.

By mistake of the factory the Golden Rule Store has about three times as many golf gloves as were ordered. Rather than return them, it has been decided by a big reduction in price to close them out. You ought to see the 50c values they are offering for 25c, and the 75c values which go for 48c.
